JUNE 13-14

EVNT
CONFERENCE
2026

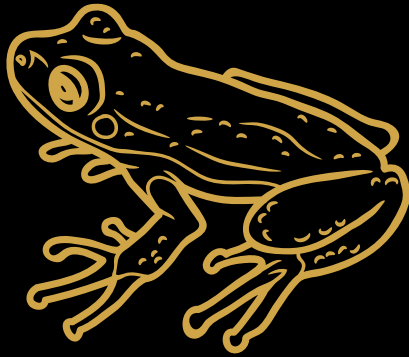

Online

Coming off the back of our success at the 2023, 2024 and 2025 EVNT conferences, we would like to invite you to join us for our very first online conference in 2026. (Don't worry- we'll be back in person every second year)

By offering an online version every second year, it means

- Those that cannot travel can attend
- Allows for new international speakers
- Those that cannot afford the in-person fee can now attend (online will mean a 62% cheaper ticket!)

The main goal of EVNT is to make exotic and wildlife training as accessible to all as possible!

So what does that mean for our sponsors?

While we obviously won't have the opportunity for you to host a trade stall like our in-person years, we do have other options that put your business in front of even more attendees, at a much cheaper cost.

We are estimating a much larger audience to be able to join us online, with a conservative estimate of 200 -250 attendees. (Our social media followers number 15K, so this is a VERY conservative estimate!)

Sponsorship options

We have many different options for our sponsors to be involved, but if you have another ideas, lets chat!

-Product donation -FREE

Donate full size products (earrings, brooches, snuggle sacks etc) for the swag bags and put your brand in front of a very enthusiastic target audience. While it would be AMAZING to have one in each box, a smaller number can be included in boxes at random. A business card may be included with each product if you wish. Perfect for product-based small businesses. One social media post (on FB, insta and Linkedin) and a hyperlinked logo on our conference website included. (Items to be posted out to me by April 2026)

-Business card inclusion- \$200

Put your business card in each of the 200 boxes. One social media post (on FB, insta and Linkedin) and a hyperlinked logo on our conference website included (To be posted out to me by April 2026)

Non-conference sponsorship options

-Wildlife seminars and webinars

During the next 12 months, one of our main goals is to make basic wildlife training accessible to ALL vet staff. Too many report that they don't know what to do when presented with them in the clinic, and this needs to change.

Our plan is to

- a) Make a 1.5 hour webinar that we offer for free to any vet staff interested, which can be presented every two months for 12 months to capture as many people as possible. AND
- b) Offer half-day in-person seminars in different cities around Australia to offer a more comprehensive training experience.

This is where we need your help!

While I am happy to donate my time and expertise, there are overheads that need to be covered to be able to offer both the webinar and in-person seminars for free to all those that are interested.

Non-conference sponsorship options

-Sponsorship of wildlife care webinars-\$100 each

We plan to hold 6 free basic wildlife care for vet staff webinars throughout the year, however if we can find sponsors for 12, we can definitely offer this too!

Your business will be named during advertisements and acknowledged during the webinars.

-In-person wildlife care seminars-Lets discuss!

In person seminars are the best way for people to learn, engage and ask questions, and get handling experience using our soft toy collection! We would love to offer them in each city over the next 12 months, but as you can imagine, they dont come cheap.

Being able to offer these for free or heavily reduced would go a long way to increasing the amount of people we get attending.

Podcast-Lets chat

In 2025, EVNT started our very first podcast 'Exotic Ward Conversations', where we discuss all things exotic and wildlife, and bring on expert guest speakers to discuss their experiences. We'd love to work with your business to discuss working together!
